SBC FILE NUMBER: 420

RESOLUTION NO.: 2025-40

**AGENDA SECTION:**

CONSENT AGENDA

**BACKGROUND/SUMMARY:**

The California Department of Public Health's Tuberculosis Control Branch is allocating San Benito County a total of \$6,028.00 with the understanding that the county health department will carry out tuberculosis control efforts. The amount is based on a two-year average number of Tuberculosis (TB) cases and associated case characteristics reported between 2022 and 2024.

These funds will be utilized for TB control activities such as but not limited to testing for tuberculosis for cases as well as contacts of cases. In addition, funds will be used for medication adherence enablers and to continue electronic directly observed therapy. Finally, the funding will be used for tuberculosis

training for public health staff working with the case(s).

This funding is tied to the number of cases San Benito County receives throughout the year, and more funding could potentially be allocated to the county health department if more cases of tuberculosis occur within San Benito County.

Funding period: July 1, 2025 through June 30, 2027.
