

Agenda Item: 3.c

Meeting Date: October 22, 2026

MEMORANDUM

To: City Commission

Through: Jennifer K. Bramley, City Manager

From: Michelle Wells

Date: 2026-09-21

Subject: Resolution 26-22, combining the Committee on Environmental Quality & Sustainability and the Stormwater Advisory Committee into one Stormwater & Sustainability Advisory Committee

Presenter(s): Michelle Wells, City Clerk

Staff Recommendation: Review, revise, and approve/adopt Resolution 26-22, to combine the Committee on Environmental Quality & Sustainability and the Stormwater Advisory Committee into one advisory committee, confirming new title of Stormwater & Sustainability Advisory Committee, and repealing Resolutions 92-4 and 22-05 which established the Committee on Environmental Quality & Sustainability and Resolution 09-14 which established the Stormwater Advisory Committee.

Strategic Themes: Good Governance

Boards & Committees: Committee on Environmental Quality & Sustainability and Stormwater Advisory Committee

Budget Impact: N/A

Past Action: Consensus direction was provided at the February 3, 2026 Workshop to combine the Committee on Environmental Quality & Sustainability and Stormwater Advisory Committee. Direction was also provided at the February 14, 2025 Strategic Planning Session Workshop and the March 2022 Strategic Planning Session to investigate the need for consolidation instigated by overlapping duties.

Next Action: Implementation of newly merged Stormwater & Sustainability Advisory Committee

Background: The Committee on Environmental Quality & Sustainability and the

Stormwater Advisory Committee held committee merger Workshops on April 14, 2026, and May 12, 2026, to review the draft resolution. The duties, purpose, and deliverables of each committee were discussed and any suggested edits have been incorporated into the proposed resolution for consideration. The last meeting held by the Committee on Environmental Quality & Sustainability was on August 25, 2026, and currently has a roster of six members. The last meeting held by the Stormwater Advisory Committee was on April 14, 2026, and currently has an outdated roster of eight members. Please note: one member is included on both committees for a combined total currently of 13 members, rather than 14.
