Background: On July 1, 2025, Chapter 2025-190, Laws of Florida became effective so local governments who participate in the National Flood Insurance Program (NFIP) can no longer enforce ordinances for cumulative substantial improvement periods. Ordinance 25-07 amends the Land Development Code (LDC) by deleting the 5-year cumulative substantial improvement period. Additionally, the local technical amendments for a 1-foot freeboard adopted by Ordinance 15-40 on December 17, 2015,

are no longer necessary because they are now required by the Florida Building Code (FBC) for mandatory enforcement. Below is a summary of the proposed LDC amendments in Ordinance 25-07.

Section 105-21.2 - Delete language because it's now required by the FBC.

Section 105-21.3 - Delete language to comply with Chapter 2025-190.

Section 105-21.4 - Delete language to comply with Chapter 2025-190.

Section 105-42.10.1.3 - Delete and replace the definition of substantial improvement to comply with Chapter 2025-190 and correct the FBC references for certain definitions.
