Background: 2021 Florida City Government Week is October 18-24. Florida City Government Week is a time for municipalities to provide and foster civic education, collaboration, volunteerism and more. All cities are encouraged to

participate in collaboration with the Florida League of Cities.

Cities provide a higher level of service than most governments, and generally receive higher approval ratings than other levels of government. Yet, many residents are unaware of how city services impact their lives. Through Florida City Government Week, we hope to bring awareness to city government's role in enhancing the quality of life in communities. Staff recommends the attached Proclamation to kick off Florida City Government Week in Dunedin.
