Background: Florida City Week is a time for cities across the state to celebrate, showcase and engage citizens in the work of municipal government. All cities are encouraged to participate in collaboration with the Florida League of Cities. This year, October 19 - 25 is designated as Florida City Week.

Cities provide a higher level of service than most governments, and generally receive higher approval ratings than other levels of government. Yet, many residents are unaware of how city services impact their lives. Through Florida City Week, we hope to bring awareness to city government's role in enhancing the quality of life in communities. Staff recommends approval of the attached Proclamation (Exhibit A) to kick off Florida City Week in Dunedin.
