Background: Intergenerational Week 2025 shall be recognized Sunday, December 7th through Saturday, December 13th, wherein all citizens are encouraged to promote intergenerational understanding and acceptance and participate in the week's activities.

Ahead of Intergenerational Week, the Parks & Recreation Department and Committee on Aging launched the "Creative Expressions" contest at the start of the school year. The contest was designed to honor and celebrate the diverse backgrounds, ages, and experiences that enrich our community, as well as the

gifts people share with one another during this special week. It was open to all 6th through 8th grade students living in or attending school in Dunedin, who could participate by submitting an essay, poem, or artwork. The following three (3) students were selected as winners by the Committee on Aging:

First Place: Sloan Still, Dunedin Highland Middle School;
Second Place: Jules Samuels, Academie Da Vinci; and
Third Place: Nola Costa, Dunedin Highland Middle School.

Awards have been generously provided to the winners by the Area Agency on Aging of Pasco-Pinellas.
