Background: The 2025 Florida City Week is October 20-26, 2025. Florida City Week is a time for cities across the state to celebrate, showcase and engage citizens in the work of municipal government. All cities are encouraged to participate in collaboration with the Florida League of Cities.

Cities provide a higher level of service than most governments, and generally receive higher approval ratings than other levels of government. Yet, many residents are unaware of how city services impact their lives. Through Florida City Week, we hope to bring public awareness to city government's role in enhancing the quality of life in communities. Staff recommends approval of the attached Proclamation to kick off Florida City Week in Dunedin.
