Title: Information/Discussion: Ordinance Amendment - Outdoor Lighting Standards

This is a proposal to amend Chapter 165 - Zoning Ordinance to amend supplementary use regulations for outdoor lighting contained in §165-201.07. The purpose of this amendment is to “modernize” outdoor lighting standards, review illumination levels, photometric plan requirements and incorporated LED lighting standards into the ordinance. This ordinance amendment was initiated by staff at the request of the Board of Supervisors.
