

Board Meeting Agenda Abstract

Tuesday, February 17, 2026

Location:

Agenda Item

Presentation - Southpark Community Center - Design Concepts - HH Architecture - (Cox) - Item 4.D

Item Explanation

The purpose of this agenda item is to receive a presentation from HH Architecture on the South Park Community Center concepts for future consideration.

Staff Comments

The South Park Community Center Design and Renovation initiative is identified in the 2024 Comprehensive Systemwide Parks, Recreation & Cultural Resources Master Plan, with design funding in the FY 2026 Operating Budget and construction funding planned for FY 2027. In collaboration with HH Architecture, Town staff have developed two conceptual renderings for improvements to the facility located at 820 South Main Street. These concepts are designed to enhance aesthetics, improve circulation throughout the building, upgrade acoustics, elevate the user experience, provide additional program space, expand the fitness area, and establish a clearly defined main entrance. The concepts will be presented to the Town Board of Commissioners on February 17, 2026, and subsequently shared on Let's Talk FV for public comment. Following the comment period, feedback from Let's Talk FV and the Parks, Recreation, and Cultural Resources Advisory Board will be evaluated by management and staff, and a final recommended concept will be presented to the Board with a recommendation to advance through design development and construction drawings.

Fiscal Note

No

Recommendation

No Action Requested - Information Only
