BACKGROUND: For the past several months, County personnel have been working to find a vendor who could provide replacement shade structures for the SSI Pier Village area. The vendor who could provide the size and style structures that fit our existing bolt patterns submitted a quote utilizing the Buy Board cooperative purchasing program. In order for the County to order the materials using the purchasing program, the County must become a member of the program by executing the National Purchasing Cooperative Interlocal Participation Agreement.

The agreement and all related documents have been reviewed and approved by the County Attorney.
