(S. Leif) (FC 3-0)
BACKGROUND:	Glynn County participates with the City of Brunswick, Jekyll Island and other local transportation interests in the Brunswick Area Transportation Study (BATS), which is the transportation planning coordination entity and metropolitan planning organization (MPO) serving the area. The program is funded by an annual contract with the Georgia Department of Transportation. In FY22, including planning for complete streets became a requirement for MPOs, and this contract covers planning for safe and accessible transportation options and complete streets. The federal share of the Complete Streets (Y410) contract is 100%. The contract for FY25 is \$2,883.49 with funding in the amount of \$2,883.49 from Federal funds and no local match. ALTERNATIVES 1. Approve the attached FY25 Safe & Accessible Transportation Options/Complete Streets (Y410) contract for \$2,883.49. The County will be reimbursed for 100% of the expenditures for transportation

planning activities.

2. Defer action. The funding could potentially be lost due to lack of time for both parties to execute the contract.

3. Deny the proposed contract request. The FY25 contract will not be executed, and the County will lose \$2,883.49 in potential reimbursements for transportation planning activities.
