GLYNN COUNTY BOARD OF COMMISSIONERS AGENDA ITEM REPORT

DATE: August 15, 2024

SPONSOR: R. Talbert

ITEM TYPE: Procurement

AGENDA SECTION: CONSENT AGENDA - Finance Committee

AGENDA LANGUAGE: Award a contract to Oldcastle Infrastructure Inc for purchase of the Pipe/Pipe Culvert for College Park Phase I Project in the amount of \$1,103,080 with funding to be provided by the FY25 approved Grant Fund budget with the Georgia Department of Community Affairs Community Development Block Grant (CDBG). (R. Talbert) (FC 3-0)

BACKGROUND: Under the SPLOST 2016 program the City of Brunswick and the County have been working jointly to address drainage issues in the College Park drainage basin. In addition to the SPLOST 2016 funding, the City of Brunswick and Glynn County secured additional funding through the Community Development Block Grant. Construction plans are being finalized in Phase I of the College Park Drainage Project. In the spirit of reducing construction time, the decision was made to procure long lead items ahead of putting the construction portion of the project out to bid.

On June 10th an IFB was issued to procure Pipe/Pipe Culvert for College Park Phase I. In total, one bid was received from Oldcastle Infrastructure for the Culvert items of the bid in an amount of \$1,152,250. This cost was reviewed by the Glynn County Engineering Services Department and the engineering firm of record on this project (EMC) and both are in agreement that the bid is reasonable and recommend the award of this contract.

Amount awarded was changed due to a reduction in needed material now that plans are finalized vs when it was initially put out to bid to \$1,103,080.
