### GLYNN COUNTY BOARD OF COMMISSIONERS AGENDA ITEM REPORT

<b>DATE:</b>	March 20, 2025
<b>SPONSOR:</b>	A. Leanza
<b>ITEM TYPE:</b>	Agreement / Contract / MOU / Lease
<b>AGENDA SECTION:</b>	CONSENT AGENDA - Finance Committee
<b>AGENDA LANGUAGE:</b>	Approve the Subscription Agreement / Statement of Work between Glynn County and ESI Acquisition Inc. (Juvare) for the implementation and utilization of WebEOC software by the Glynn County Emergency Management Agency and the Incident Management Team during Emergency Operations Center (EOC) activations in the amount of \$18,894 with funding to be provided by the FY25 General Fund EMA budget. (A. Leanza) (FC 3-0)
<b>BACKGROUND:</b>	<p>Glynn County Emergency Management &amp; Homeland Security Agency (GCEM-HSA) is responsible for maintaining situational awareness and coordinating emergency response efforts to protect the community from disasters and hazards. To enhance operational efficiency, improve coordination among stakeholders, and ensure effective incident management, GCEM-HSA seeks to implement WebEOC, a leading crisis management and emergency response software.</p> <p>WebEOC, developed by Juvare, is a web-based incident management platform that enables real-time data sharing, resource tracking, and coordination among emergency responders, government agencies, and community partners. The system provides a centralized digital platform for managing emergency operations, ensuring timely and informed decision-making during disasters and large-scale incidents.</p>

The implementation of WebEOC will modernize Glynn County's emergency management capabilities by streamlining communication, improving data accessibility, and enhancing situational awareness during emergency response efforts internally and with the State of Georgia's Emergency Operations Center. The platform will be accessible via web browser and mobile applications, ensuring rapid information sharing and coordination among all response agencies.

GCEM-HSA request that the Glynn County Board of Commissioners enter into an agreement with Juvare for the implementation of WebEOC in Glynn County. The agreement outlines a three-phase implementation approach, including system installation, training, and full operational deployment. Under this agreement, Juvare will provide Glynn County with technical installation, training, and ongoing support to ensure successful adoption of the WebEOC platform.

The adoption of WebEOC aligns with best practices in emergency management and supports Glynn County's commitment to improving emergency response capabilities. This system will enable emergency personnel to better manage incidents, track resources, and facilitate communication between local, state, and federal partners.

To proceed with the WebEOC implementation, the agreement requires approval from the Glynn County Board of Commissioners. Approval of this agreement / statement of work will allow GCEM-HSA to move forward with the deployment of WebEOC, ensuring the county is better equipped to respond to emergencies and disasters.

The initial \$18,894 subscription cost will be coded to line code 1003920.521200.

The Agreement / Scope of work have been approved to form by our legal department.

**Finalized agreement will be provided prior to Board of Commissioner approval request.**
