BACKGROUND:

Glynn County owns and operates Mallery Park, a public park with three baseball fields on St. Simons Island. In 2022, the County and the SSI Athletic Association, Inc. (SSIAA) entered into a Memorandum of Understanding addressing renovations to the park. The County and SSIAA are now partnering on a renovation of the three baseball fields and associated park improvements, and the parties wish to enter into a new Memorandum of Understanding (MOU) that reflects the current project scope and the allocation of responsibilities between the parties.

Under the current partnership, Glynn County is leading and funding the design of the renovated park, and SSIAA is leading and funding the construction of the improvements. The project is being designed by Coleman & Company, and design coordination is underway through regular meetings among County staff, the design team, and SSIAA. Construction is targeted for completion ahead of the Spring 2027 season.
