Executive Summary:

At the August 1, 2023 City Council meeting, consideration will be given to a resolution authorizing the procurement of one (1) new aerial bucket truck. Truck will include an Altec model AT41S articulating and telescoping aerial device with a two-person platform mounted on a new Ford F550 4x4 chassis.

Sourcewell Cooperative contract 110421-ALT will be utilized for the procurement of the turn-key aerial bucket truck from Altec Industries in Birmingham AL. Price of the truck with contract discount is \$236,177 as per Altec/Sourcewell quote #1434348 dated July 18, 2023. Current order to delivery time is estimated at two to three years.

Funding for this purchase is available in account #81710520.

Background / Analysis:

The Traffic Engineering Division has one two-person bucket truck (Unit #312- 2001 International 4700) in their fleet that has exceeded its life expectancy and is scheduled for replacement. The truck is used for traffic signal and on-street lighting maintenance and repair, hanging banners, and other high-reach tasks.
