Executive Summary:

The City of Iowa City currently provides transit service for the City of University Heights utilizing an annual 28E Agreement. This resolution will continue that service through FY25 for a contracted payment of \$47,135.27.

Background / Analysis:

University Heights has contracted with the City of Iowa City for transit services since the 1970's. Currently, Iowa City Transit provides service to University Heights via the 10 - West Iowa City and the 8 - Oakcrest routes, serving the Melrose Avenue corridor and Sunset Street with 78 trips per day. The Metropolitan Planning Organization of Johnson County develops the contract amount based on a formula that takes into account the Consumer Price Index (CPI) as an escalator of the previous year's agreement. The University Heights City Council approved this agreement at their March 12th, 2024 meeting.

Per this agreement, University Heights agrees to pay \$47,135.27 for contracted fixed route transit services for FY24. This is an increase of 3.9% from FY24, based on the CPI.
