SUMMARY	

The Central Pines Council of Governments (CPCOG), on behalf of Sanford, Lee County, and Broadway, was awarded a Safe Streets and Roads for All grant from the U.S Department of Transportation for the primary purpose of developing a Safety Action Plan. A Safety Action Plan is a comprehensive plan aimed at reducing and eliminating serious-injury and fatal crashes affecting all roadway users. Action Plans, guided by the Safe System Approach, use data analysis and public input to identify roadway safety problems to strengthen a community's approach through projects and strategies that address the most significant safety risks.
