DECISION TYPE

SUMMARY

This report summarizes an incident that occurred on June 26, 2025, where a pick-up truck ran into the doors for hangar #107.

DISCUSSION

At approximately midnight on June 26, 2025, a pick-up truck ran into the hangar doors for hangar #107. This caused the doors to come off the track, which prevented proper closure of hangar #107 and affected the opening of the doors to the adjacent hangars #106 and #108. Due to the extent of damage to City property, Airport Staff has contacted a vendor for repairs/replacement and are working with Risk Management to resolve the issue. No personal injuries were reported.
