

**Mammoth Lakes Town Council
Agenda Action Sheet**

Meeting Date: June 21, 2017

Prepared By: Haislip Hayes, Engineering Manager

Submitting Department: Public Works

Title: Reject Crack Repair and Surfacing of Community Center Tennis Courts Project Bid.

Recommended Motion: Reject the bid from Trueline Construction and Surfacing Inc. for the Crack Repair and Surfacing of Community Center Tennis Courts.

Background Information: The Town of Mammoth Lakes allocated \$25,000 in Parks Maintenance funds to pay for the crack repair and surfacing of community center tennis courts. The project was advertised April 28, 2017 and bids were opened on May 22, 2017. The Town received one bid from Trueline Construction and Surfacing Inc. for \$51,650. The Town may reject a bid per California Public Contract Code Section 20166.

Staff will review the details of the project as advertised and compare the bid results to other recent bids containing similar materials. Staff will also review other options for crack repair and resurfacing of the tennis courts. It is anticipated staff will be able to implement revisions to the project that will result in an acceptable design at a cost that will fit within budget. At that time staff will provide a brief informal update to Town Council and will re-bid the project.
