Discussion

Accounts Receivable (A/R) Balances

As of December 31, 2023, the total outstanding accounts receivables balance, as indicated in Attachment A, was \$22.3 million, of which \$11.0 million was current and \$11.3 million was past due. This total of \$22.3 million compares to a total outstanding A/R balance of \$44.3 million for the previous quarter, or an overall decline of \$22 million.

The substantial decline was primarily due to strong collections on past due and current Member Support receivables within the quarter.

The following is a breakdown of the \$11.3 million past due amount, by receivables category:

- \$2.8M (24.8%) - Operating Support
- \$4.0M (35.4%) - Other Receivables
- \$1.1M (9.7%) - Capital Contribution
- \$0.1M (.9%) - SUA
- \$2.7M (23.9%) - Due from Other Agencies
- \$0.6M (5.3%) - Third Party Agreements (TPA)

Unbilled Balances/Pending Capital Billing

As of December 31, 2023, unbilled balances related primarily to the capital program were \$29.7 million. These amounts are not included in the reported accounts receivables balances. This total compares to the prior quarter's unbilled balance of \$33.5 million.

The \$29.7 million of unbilled balances breaks down to the following major categories:

- State of Good Repair: \$15.7M
- New Capital: \$ 8.9M
- SCORE: \$ 5.1M
