SUBJECT: 2024 Year-End System Safety, Security, and Compliance Update

Issue

System Safety, Security, and Compliance is providing a year-end update on safety key metrics.

Recommendation

Receive and file.

Strategic Commitment

This report aligns with the Strategic Business Plan commitment of:

- **Safety is Foundational:** We will stay on the leading edge by deploying new technologies and processes to enhance the safety and security of our riders, our fellow employees, and the communities we serve.

Background

This presentation is a review of safety data from calendar year 2024 and a look ahead to department goals in 2025. This report is over and above the regular quarterly update proved by SSSC, the next of which will be presented to the Board in March.

Discussion

This presentation is a report of safety data from 2024 which includes year-end totals for Metrolink's right-of-way incidents, hazards, rule violations, and FRA reportable injuries. The presentation provides a three-year look back of safety data and outlines the System Safety, Security, and Compliance Department goals for 2025.
