NARRAGANSETT TOWN COUNCIL AGENDA ITEM REPORT

DATE: June 3, 2024

FROM: Jill Sabo, Acting Community Development Director

DEPARTMENT: Community Development

SUBJECT:

A MOTION TO APPROVE the GIS Online Hosting Subscription from The Sanborn Map Company, Inc., (formerly Applied Geographics, Inc.) in the amount of \$3,500.00 for Fiscal Year 2024/25.

SUGGESTED ACTION:

In 2014, AppGeo (now The Sanborn Map Company, Inc.) was awarded a contract to update the GIS system through a competitive bid process. This project included providing a one-year contract to have an online GIS website available to the public. This website went “live” in November, 2018. This annual contract covers the time period of July 1, 2024 – June 30, 2025.

This request to host the online GIS application will allow the public to continue to access the Town’s online GIS mapping service. The online mapping service provides the general public access to view the various layers of information the Town has acquired. This viewable information includes, but is not limited to, the Town’s Zoning and Future Land Use maps, flood zone information and historic district information, as well as other State themes, including Hurricane Inundation and NOAA Navigational charts.

Since this application has been available, hundreds of “visitors” have used the site each month. This is an invaluable service to not only the general public, but also to the business and building community who can access vital information in preparation for a project.

FUNDING SOURCE:

Funding is available in the Community Development Operating Account #0001410 50311, Licenses & Dues (FY 24/25).
