Subject:

Construction Agreement with FDOT for SR 84 Improvements Related to the Midtown Bridge

Summary:

A RESOLUTION OF THE CITY OF PLANTATION, FLORIDA, APPROVING AND AUTHORIZING EXECUTION OF THE CONSTRUCTION AGREEMENT WITH THE FLORIDA DEPARTMENT OF TRANSPORTATION REGARDING THE CONSTRUCTION OF CERTAIN IMPROVEMENTS TO SR 84 WESTBOUND WITHIN THE CITY; AUTHORIZING THE MAYOR OR CHIEF ADMINISTRATIVE OFFICER TO EXECUTE SAME PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

Procurement:

No procurement impact at this time.

Background:

The City of Plantation is proposing to construct a new bridge connecting SW 17th Street within the Midtown District to westbound (WB) SR 84. The purpose of this bridge is to provide an additional connection that will help relieve existing and future traffic congestion on Pine Island Road and University Drive in the vicinity of the project. The proposed bridge will be approximately 200 feet in length and will extend from WB SR 84 to the existing local roadway network, including SW 17th Street, SW 80th Terrace, and SW 78th Avenue. These roadways connect to Peters Road and ultimately to the regional highway network via University Drive and Pine Island Road.

Because the project involves construction within the Florida Department of Transportation (FDOT) right of way, the Department requires the execution of a Construction Agreement to clearly define the roles and responsibilities before, during, and after construction.
