Subject:

Interlocal Agreement with the Plantation Acres Improvement District for the Plantation Acres South Drainage Improvements Project - Phase I

Summary:

Authorization to Execute Interlocal Agreement with the Plantation Acres Improvement District for the Plantation Acres South Drainage Improvements Project - Phase I

Background:

The purpose of the Plantation Acres South (PAS) Drainage Improvements Project is to address longstanding drainage concerns, improve stormwater conveyance, reduce localized flooding, and enhance overall resiliency within the South Acres area. Preliminary engineering evaluations identified the need for comprehensive drainage system improvements, including additional stormwater infrastructure and a future pump station to improve system performance.

Funding:

001-8852-519-3102 Consultants

Fund Balance Assigned to Risk Management

Amount:

\$138,366.38

Finance Director/Budget Manager Recommendation:

Per Administration, this item is funded by the General Fund, Fund Balance Assigned to Risk.

Prepared By:

Jason Nunemaker
