---

### Background Narrative:

The California Multiple Award Schedule (CMAS) offers a wide variety of Information Technology Goods and Services at prices that have been assessed to be fair, reasonable and competitive. CMAS contracts are established by the State of California, Department of General Services for use by all California state and local government agencies that are empowered to expend public funds for the acquisition of products and services. Public Contract Code 10298 authorizes state and local agencies to contract with suppliers awarded CMAS contracts without further competitive bidding.

Riverside Community College District utilizes multiple vendors to purchase information technology goods and services. Staff recommends use of the CMAS awarded contract number 3-23-01-1064, as one source for the purchase of information technology goods and services from Audio Enhancement, Inc. The term for CMAS contract number 3-23-01-1064 is through December 31, 2025.

District staff has reviewed available cooperative purchasing agreements and other formal purchasing options and found that this contract meets the needs of the District.
