AGENDA # J.6
Scio Township Board of Trustees
Utilities Department GIS Support–GIS Data Migration and Water Meter Replacement Program

FOR MEETING DATE OF: April 9, 2024
PREPARED ON: 4/3/2024
PREPARED BY: Chris Bailey
SUBMITTED BY: Utilities

ITEM TYPE: Possible Action

BACKGROUND: The Utilities department currently uses paper records for many of their task and need to transition a modern system for performing and managing their daily work. By utilizing the capabilities of the Esri ArcGIS platform, the Utilities Techs will be able to track water meter replacement progress from their phones. This will migrate the Township data OHM currently holds for us to our own account, allowing easier access for the Township. It will also start the process of the Township utilizing other capabilities of ArcGIS for other department like Assessing, Parks, and elections.

FISCAL IMPACT: $9,500.00

RECOMMENDATION: The Utilities Director and IT Director recommend approving this motion.

MODEL MOTION: To approve the proposal by OHM to to rebuild and further develop our ArcGIS Online system and overall GIS infrastructure. Funds to come from 50% Capital Outlay - Sewer Systems, GL 590-000-973.000 and 50% Capital Outlay - Water System, GL 591-000-972.000
