REQUESTED MOTION

Accept the public safety committee 2025 - 2026 action plan

INTRODUCTION

It is requested the city council accept the proposed public safety committee 2025 - 2026 action plan.

DISCUSSION

The purpose of the public safety committee is to assist and advise the council on matters pertaining to public safety and welfare in the City of Shoreview including police service, fire service, ambulance service, animal control, and emergency services. The committee meets six times per year on odd numbered months and currently has seven members. The committee may have as many as nine members.

City council members reviewed a draft action plan at their April workshop and provided support for the draft plan. The city council also suggested that a review of community center/commons campus safety and multi-family development impacts also be considered. These items have been incorporated into the final draft.

RECOMMENDATION

Consider a motion to accept the public safety committee 2025 - 2026 action plan
