

**CONSENT
ITEM NUMBER 4.C**

Approval RE: Interlocal Agreement for Creation of MPO (Pg. 56)

For further information, please contact: jillian.john@sctpo.com

Strategic Plan Emphasis Area: Leadership

DISCUSSION:

With each Census, Transportation, or Metropolitan Planning Organization's (T/MPO) review apportionment plans, which determine the membership representation of their respective governing boards based on population. An Interlocal Agreement that forms each TPO and establishes the responsibilities and roles of the TPO is also reviewed and updated.

The most recent Space Coast TPO apportionment plan was approved by the Governor per letter dated August 8, 2024 and now a new Interlocal Agreement for the Creation of the TPO is required.

The Interlocal Agreement has been reviewed and approved by the Florida Department of Transportation. Membership remains unchanged at 19 total members: Brevard County Commissioners (5) which also represent Valkaria Airport, Titusville-Cocoa Airport Authority, Space Coast Area Transit and Central Florida Expressway; Canaveral Port District a/k/a the Canaveral Port Authority (1), City of Titusville (2), City of Cocoa (1), City of Rockledge (1), City of Melbourne (3) (also representing Melbourne Airport Authority a/k/a Melbourne Orlando International Airport), City of West Melbourne (1), City of Palm Bay (3), North Beaches Coalition (1) (which includes City of Cocoa Beach and City of Cape Canaveral), and South Beaches Coalition (1) (which includes City of Satellite Beach, City of Indian Harbour Beach, Town of Indialantic, and Town of Melbourne Beach).

The new Agreement becomes effective on the date it is recorded by the Clerk of Courts and will expire five (5) years from that date.

REQUESTED ACTION:

Approval of the Interlocal Agreement for the Creation of the TPO.
