Additional Information: As the Public Works Staff works toward bidding and constructing the Frost Heave Project on County Road 1 (McKinnon Road), it has identified unique needs for the project. Due to geometric constraints, keeping the road open during construction is estimated to cost more in traffic control than actual work and materials. Therefore, McKinnon Road will need to be closed from 7:00 AM until 7:00 PM daily during construction. Allowing the Contractor to stockpile material at WYDOT's Plant Site will decrease the number of days required to complete the project. This MOU will allow the Contractor to stockpile material for a closer backhaul and therefore minimize disturbance to the users of the McKinnon Road.
