TAMARAC
The City For Your Life

AGENDA ITEM NO. 5.e

STAFF AGENDA REVIEW WORKSHOP AGENDA ITEM REPORT

DATE: June 9, 2025

SUBMITTED BY: Kimberly Dillon

ITEM TYPE: Resolution

TEMP. RESOLUTION NUMBER: TR14270

AGENDA SECTION: **Consent Agenda:**

TITLE: TR14270 - A Resolution of the City Commission of the City of Tamarac, Florida, authorizing the appropriate City Officials to execute the Interlocal Agreement (ILA) with Broward County to utilize the County's Temporary Debris Management Sites locations following disastrous events, with the Agreement effective through November 30, 2027; a copy of the Interlocal Agreement is attached hereto as Exhibit "1"; authorizing the appropriate City Officials to execute said ILA and any renewals providing for conflicts; providing for severability; providing for an effective date.

RECOMMENDATION: The Public Services Director recommends that the City Commission approve and authorize the execution of the Interlocal Agreement (ILA) with Broward County for the use of Temporary Debris Management Sites (TDMS) and related services. Participation in this agreement will provide the City with guaranteed access to pre-approved debris sites during declared emergencies, ensuring FEMA compliance, operational efficiency, and cost-effective disaster response. This item is recommended to be placed on June 11, 2025, City Commission Agenda.

BACKGROUND: The Broward County Interlocal Agreement (ILA) offers governmental entities access to County-permitted Temporary Debris Management Sites (TDMS) for the receipt, processing, and management of disaster debris. This agreement is structured to align with FEMA's reimbursement standards and is available for municipalities to opt into. Participating cities deliver debris to designated TDMS and are billed based on volume and usage.

The ILA complements the City's existing emergency debris removal contracts by addressing the post-collection phase, including documentation, sites management, and debris

processing. Participation ensures immediate access to operational sites and eliminates the need for the City to independently establish or manage its own debris staging areas. Without this ILA, Tamarac may face logistical delays or higher costs in debris disposal and recovery operations following a disaster.

The City is not currently a party to this agreement. If the City chooses to enter the ILA, the agreement, originally effective as of December 1, 2022, would become effective for the City upon execution and remain in effect through November 30, 2027, with the possibility of a 5-year second renewal term extending through 2032, subject to mutual agreement.

ISSUE: Authorize the execution of the Interlocal Agreement (ILA) with Broward County for the use of Temporary Debris Management Sites (TDMS) and related services.

STRATEGIC GOALS: Goal #1: Tamarac is Home
