TAMARAC
The City For Your Life

AGENDA ITEM NO. 5.c

STAFF AGENDA REVIEW WORKSHOP AGENDA ITEM REPORT

DATE: February 23, 2026

SUBMITTED BY: Kimberly Dillon

ITEM TYPE: Resolution

TEMP. RESOLUTION NUMBER: TR14371

AGENDA SECTION: **Consent Agenda:**

TITLE: TR14371 - A Resolution of the City Commission of the City of Tamarac, Florida, awarding Bid No.26-03B and approving an Agreement with Intercounty Engineering, Inc. For the construction of the Lift Stations 29 and 10 Rehabilitation Project for a contract amount of $2,323,412.00; authorizing a contingency in the amount of $232,341.20 for a total project budget of $2,555,753.20; authorizing an additional appropriation in an amount not to exceed $55,753.20 to be included in a future budget amendment pursuant to F.S. 166.241(8); authorizing an expenditure from the appropriate accounts; providing for conflicts; providing for scrivener's errors; providing for severability; and providing for an effective date.

RECOMMENDATION: The Interim Director of Public Services recommends that the City Commission award Bid No.26-03B and authorize the appropriate City Officials to execute an Agreement with Intercounty Engineering, Inc. for the Lift Stations 29 and 10 Rehabilitation Project for a contract amount not to exceed $2,323,412.00; an added contingency in the amount $232,341.20, representing 10% of the contract amount, for a total project cost of $2,555,753.20 and that this item be placed on the February 25, 2026, City Commission Meeting Agenda.

BACKGROUND: This in-house design project includes the full rehabilitation of Lift Stations 29 and 10.Both lift stations currently operate with aging infrastructure and are no longer performing at full capacity, creating an increased operational risk to the City's wastewater collection system.

The existing piping and mechanical components at both lift stations have exceeded their expected service life. As a result, staff have observed reduced efficiency, increased

maintenance requirements, and a heightened potential for equipment failure. Continued operation without rehabilitation increases the risk of service interruptions, sanitary sewer overflows, and costly emergency repairs.

Additionally, the City continues to experience steady population growth, resulting in increased demand on the wastewater collection system. Lift Stations 29 and 10 are critical assets for accommodating current flows and ensuring adequate capacity for future development. Without rehabilitation, these facilities may not reliably support projected demands.

The rehabilitation of Lift Stations 29 and 10 at this time will improve system reliability, restore full operational capacity, extend the useful life of the assets, and better position the City to meet current and future wastewater service needs. Proactive investment now will also help avoid more costly emergency repairs or system failures in the future.

On November 25, 2025, The City of Tamarac published Bid No. 26-03B for the Lift Stations 29 and 10 Rehabilitation Project. The City received and opened four (4) proposals on January 20, 2026. A summary bid Tabulation is listed below. The detailed bid tabulation is attached to Temporary Resolution No.14371.

VENDOR	**AMOUNT ($)**
Intercounty Engineering, Inc.	$2,323,412.00
Southern Underground Industries, Inc.	$2,548,724.00
Hinterland Group, Inc.	$2,951,010.00
Foster Marine Contractors	$3,971,010.00

City staff reviewed the submitted bids and determined that Intercounty Engineering, Inc., is the lowest responsive and responsible bidder. Based on the review of the bid proposal and background check, it was determined that Intercounty Engineering, Inc., possesses the skills, experience, and capacity to successfully complete the rehabilitation project for both Lift Stations 29 and 10.

Contract Summary:

Scope of Project: Lift Stations 29 and 10 Rehabilitation
Type of Project: Wastewater Collection Construction
Contractor: Intercounty Engineering, Inc.
Contractor Location: Pompano Beach, FL. 33069
Contractor Address: 1925 NW 18th Street
Contract Cost: $2,323,412.00; a contingency in the

amount of $232,341.20, for a total project cost of $2,555,753.20.

Term/Completion: Substantial completion within 150 calendar days from City's Notice to Proceed; Final Completion within 30 calendar days from Substantial Completion, totaling 180 calendar days.

Risk Mitigation: Performance and Payment Bonds at 100% of value of bid in effect for up to one year after Final Completion. Liquidated damages of $500 per day for each day project is not completed after the scheduled completion date.

Certifications: Intercounty Engineering Inc. reports ownership as at least 51% Caucasian/White.

ISSUE: To award Bid No. 26-03B and execute an Agreement with Intercounty Engineering, Inc. for the Lift Stations 29 and 10 Rehabilitation Project.

STRATEGIC GOALS: Goal #1: Tamarac is Home
