

AGENDA ITEM REPORT

A.1

To: Town Council

Subject: Discussion and update on SH190 alignment through the Town of Sunnyvale.

Meeting: Town Council - October 27, 2025

Department: Engineering

Staff Contact: Elmer Benitez

SUGGESTED ACTION:

BACKGROUND INFORMATION:

In 2012, the Sunnyvale Town Council passed a resolution concerning the Town's preferences in regards to the planned alignment of SH 190 through Sunnyvale. In the intervening years, the alignment of the roadway has been fairly constant over time, until a new Alternative 3 was proposed in the recent public meeting hosted by NTTA in September 2025. Questions have arisen as to how this alignment was developed and how this may affect residents in the area as well as possible future lakefront development. Also, the question has arisen as to whether or not this new Alternative 3 is a confirmed new alignment or if the Town has the option to go back to the previous alignment. Staff has researched this issue and will provide an update to Council and answer questions. Staff will be recommending to keep Alternative 1 as the preferred alignment and formally confirm this with the NTTA to provide assurance to the Town and its residents so that they can plan accordingly.

FINANCIAL IMPACT:
