

AGENDA ITEM REPORT

K.5

To: Town Council

Subject: Consider and act upon the approval of a press release regarding temporary disinfection conversion to free chlorine by North Texas Municipal Water District (NTMWD) who is the Town's wholesale water supplier.

Meeting: Town Council - February 23, 2026

Department: Public Works

Staff Contact: Chris Cox

SUGGESTED ACTION:

Staff recommends approval.

BACKGROUND INFORMATION:

The Town's wholesale water supplier, the North Texas Municipal Water District (NTMWD), will temporarily change the disinfectant in the public water system from chloramines to free chlorine beginning March 2 through March 30.

This routine, annual maintenance procedure is conducted to maintain water quality and ensure the integrity of the distribution system. The temporary conversion helps reduce the potential for nitrification and biofilm buildup in water lines.

The water will remain safe to drink and use during this period and will continue to meet all state and federal drinking water standards. Customers may notice a slight change in the taste or odor of their water during the conversion period.

FINANCIAL IMPACT:

PUBLIC NOTICE:

A Public Notice and press release will be issued to inform residents, businesses, schools, medical facilities, and other impacted customers of the temporary disinfection change.
