Department: Police Department

SUGGESTED ACTION:

Staff recommends approval.

BACKGROUND INFORMATION:

During the past year, the Sunnyvale Police Department in accordance with Texas State law, has collected and reported motor vehicle-related contact data for the purpose of identifying and addressing (if necessary) areas of concern regarding racial profiling practices. In the 2009 Texas legislative session, the Racial Profiling law was modified, and additional requirements were implemented. Moreover, in 2017, the Sandra Bland Act was passed and signed into law (along with HB3051) that introduced new racial and ethnic designations. The Sandra Bland Law requires that law enforcement agencies in the state collect additional data and provide a more detailed analysis. All of these requirements have been met by the Sunnyvale Police Department and are included in the attached report.
