NO ACTION REQUIRED.

Prepared By: Joshua Foust, Director of Public Safety

Background:

Our goal of the District is to be welcoming and safe and this is reflected in our law enforcement. The look of our uniforms, vehicles and officers is intended to better reflect Conservation Officers vs. traditional law enforcement.

The Department of Public Safety is a full-service Peace Officer Standards and Training Board (POST) recognized law enforcement agency. The Department trains and operates consistently with the POST Board Certified Public Safety Procedures Manual.

The attached report is meant to provide a good overview of what public safety was busy with during this quarter.
