Project Description:	Multifamily Residential
Site Address/Location:	2552 Bethel Road
Land Area:	+/- 29.728 acres
General Plan:	Urban Living
Existing Zoning:	R3 Multifamily Residential with P Planned Unit Development Overlay
Surrounding Zoning:	
North:	PD Planned Development
South:	AG Agricultural
East:	AG Agricultural
West:	PD Planned Development

BACKGROUND/DISCUSSION

The applicant has requested to amend the Development Agreement and Zoning Ordinance for Bethel Place, a project initially approved by City Council on February 22, 2022. In the original documents, completion of 75% of Phase 1 developments, along with the issuance of occupancy certificates, is mandatory before application of building permits for subsequent phases. The applicant now desires to obtain building permits and occupancy certificates for these following phases.

The proposed amendment entails subdividing the original three phases into smaller phases, aimed at facilitating

continuous construction progress throughout the development process. Additionally, the amendment includes rephrasing Exhibit B (C) as follows: "All infrastructure, building permits, and amenities, with the exception of carports, as shown in Exhibit 'C', must be fully completed and approved before the issuance of a certificate of occupancy for each respective pod (phase) as outlined on the table with the depiction of the 50 pods (phases). Applications for building permits can be submitted and approved for pods (phases) 46, 47, 48, and 50, whereby construction can continue on all units regardless of number of certificates of occupancy issued. However, certificates of occupancy will not be granted for pods (phases) 46, 47, 48, and 50 until the entirety of the remaining development is finished and has acquired certificates of occupancy."

In Exhibit C, the site plan for the phases has been revised to reflect the updated pods (phases).

ALTERNATIVES

1. The Planning and Zoning Commission may recommend approval of the zoning map amendment.
2. The Planning and Zoning Commission may recommend disapproval of the request.

SUGGESTED ACTION/RECOMMENDATION

Staff recommends approval.
