

Weatherford City Council

AGENDA REPORT

Meeting Date: October 28, 2025

Staff Contact: Matt Leppla, Director of Public Works

Item Number: 2025-547-AR

Phone: 817-598-4148

SUBJECT:

Consider authorizing the procurement of pavement resurfacing services from Reynolds Asphalt and Construction Company through an existing contract with Grand Prairie under an interlocal agreement in an amount not to exceed \$1,900,000.

BACKGROUND/DISCUSSION

For FY26, the Public Works Department will continue its initiative to improve Weatherford's thoroughfares. This year, staff is also requesting authorization to allocate additional funds to include several residential streets under the same contract. The proposed work includes turnkey services such as full-depth milling and haul-off, base repairs, a 2-inch asphalt overlay, traffic control, and all associated payment, performance, and maintenance bonds.

The thoroughfare resurfacing projects include Foster Lane, Adams Drive, and East Bankhead Drive. Improvements on East Bankhead will extend to Allen Street, with the remaining section to Hwy 180 planned for a future utility project. The neighborhood street resurfacing projects include Old Foundry, Lorrie Lane, Mitchell Boulevard, Sophie Place, Shirley Circle, Joyce Court, and Grant Drive.

The total initial estimated cost for this work is up to \$1,900,000. The initial estimate accounts for possible subgrade repairs and higher material yields. Staff recommends City Council approve the procurement of asphalt resurfacing services from Reynolds Asphalt and Construction Company for the above-listed roadways in FY26. Funding for this work is programmed and available within the FY26 Public Works Street Fund.

FINANCIAL IMPACT

This expenditure will be made from funds in the approved FY26 Public Works operating budget.

SUGGESTED ACTION
