BACKGROUND/DISCUSSION

The applicant is requesting a Conditional Use Permit (CUP) for a Recreational Vehicle (RV) Display or Sales - new or used, or repair use on an approximate 26.31-acre tract being generally located at 2328 E Interstate 20. The property is currently zoned C2 Interstate Commercial.

A previous zoning amendment and CUP for this site were approved by City Council on July 25, 2023. That approval included conditions requiring construction to begin within eight (8) months of the ordinance's effective date and a Certificate of Occupancy to be issued within twenty (20) months. As these conditions were not met, the

previously approved CUP has since expired. The zoning amendment from 2023 has not expired.

Any proposed development on the site will be subject to review and approval of a site plan, site development permit and any other applicable permits.

If the conditional use permit is approved, staff recommends approval based on the following three conditions:

1. Pole signs are not permitted; however, a monument sign is allowed. Temporary signs, banners, and other advertisements shall not be permitted on the property.
2. Used RVs may not be parked near adjacent roadways. Service RVs must be placed only in the designated areas identified on the site plan.
3. This conditional use permit will be void if construction has not been started within 8 months of Ordinance approval. Additionally, this conditional use permit will be void if the Certificate of Occupancy has not been issued within 20 months.

ALTERNATIVES

1. The City Council may approve the request.
2. The City Council may disapprove the request.

SUGGESTED ACTION/RECOMMENDATION

Staff recommends approval of the Conditional Use Permit request subject to conditions. At their August 13th, regularly scheduled meeting, the Planning & Zoning Commission voted (7-0) to recommend approval of the conditional use permit.
