Weatherford City Council

AGENDA REPORT

Meeting Date:	July 28, 2026	**Staff Contact:**	Matt Leppla, Director of Public Works
Item Number:	2026-954-AR	**Phone:**	817-598-4148

SUBJECT: Considering authorizing an increase in previously approved funds for the procurement of concrete services from Garcia Welding, raising the authorized amount from $700,000 to an amount not to exceed $900,000.

BACKGROUND/DISCUSSION

On November 18, 2025, City Council approved the second renewal of the annual concrete services contract with Garcia Welding in an amount not to exceed $700,000. Since that time, Garcia Welding has successfully completed numerous projects as part of the City's annual street rehabilitation program, including curb and gutter replacement, driveway approaches, and other miscellaneous concrete improvements not originally identified in the rehabilitation plan.

In addition to the annual rehabilitation program, Garcia Welding has partnered with the Public Works Department on several capital and operational projects, including the extension of the Center Point turn lane and the ongoing site improvements for the new Development Services and Parks building.

The Public Works Department will soon begin construction of Phase 1 of the Lake Weatherford Trail. The project will be delivered using a combination of in-house Public Works crews and Garcia Welding under the existing concrete services contract. This collaborative approach is expected to accelerate construction, maximize the use of City resources, and reduce the overall project cost. To date expenditures with Garcia Welding are $338,394.50

The original contract with Garcia Welding was awarded by City Council on August 8, 2023, under Bid No. 2023-015.

FINANCIAL IMPACT

Funds are available within the FY26 Public Works Street Maintenance Service Budget with the Lake Weatherford Trail project being funded with the Capital Utility Fund.

SUGGESTED ACTION

Staff recommends approval.
