SUBJECT: Consider authorizing Kraftsman to construct a new playground at Miller Park, through an interlocal agreement with Texas Local Government Purchasing Cooperative (BuyBoard) in the amount of $111,880.

BACKGROUND/DISCUSSION

The current playground at Miller Park has been a great amenity to the City for 22 years. This playground has lasted well beyond the life expectancy of a commercial playground and is in need of replacement. Commercial playgrounds are estimated to last between 8-12 years depending on the amount of use and the level to which it is maintained.

This new inclusive playground will feature all new state-of-the-art play equipment, including two separate structures - one for ages 2-5 and another for ages 5-12. Both structures will include multiple slides and a variety of additional play features. This project will also feature a new double-bay swing set with two full bucket swing seats with high backs and two belt swings.

The city would like to utilize the Texas Local Government Purchasing Cooperative (BuyBoard) contract #679-221 with Kraftsman. The city's purchasing policy requires City Council approval for any purchases over $50,000. This request is to authorize the expenditure of funds for FY25 in the amount of $111,880.

FINANCIAL IMPACT

Funding for this project is available through the April 22nd budget amendment.
