SUBJECT: Receive Open Meetings Act Training.

BACKGROUND/DISCUSSION

The Open Meetings Act (OMA), as outlined in Chapter 551 of the Texas Government Code, establishes requirements for governmental bodies to ensure transparency in public meetings. Compliance with the OMA is essential for maintaining public trust and ensuring that all official actions are conducted in an open and lawful manner.

This training is intended to provide members with a clear understanding of OMA requirements, including conducting meetings in accordance with the law, permissible closed sessions, and procedures for public participation. The training will also address common compliance issues and best practices to help avoid potential violations.

Providing this training will help ensure that all members are equipped with the knowledge necessary to effectively carry out their duties while remaining in compliance with state law.
