Weatherford City Council

AGENDA REPORT

Meeting Date:	August 26, 2025	**Staff Contact:**	Matt Leppla, Director of Public Works
Item Number:	2025-447-AR	**Phone:**	817-598-4148

SUBJECT: Consider Resolution R2025-15 authorizing the City Manager to enter into an agreement with the Texas Department of Transportation for advance funding for local government maintenance of railroad pavement makings and signs (off-system).

BACKGROUND/DISCUSSION

The Texas Department of Transportation (TxDOT) has proposed a project to install required and recommended railroad warning signage and pavement markings at every grade crossing within the City of Weatherford, including both active and passive warning-controlled crossings. This project will be fully funded through the Federal Highway Administration Section 130 program, administered by the TxDOT Rail Division. The City of Weatherford's only responsibility will be personnel support for coordination, review, and inspection of the project. A resolution is required for the off-system crossing located at the 300 block of N. Elm Street. The crossing on Highway 51 is part of the TxDOT system and does not need to be identified in the agreement.

FINANCIAL IMPACT

There are no costs to the City of Weatherford.

SUGGESTED ACTION

Staff recommends approval of Resolution R2025-15.
