

# Weatherford City Council

## AGENDA REPORT

**Meeting Date:** October 22, 2024

**Staff Contact:** Jaycob Kirkpatrick, Director Parks,  
Recreation & Special Events

**Item Number:** 2024-608-AR

**Phone:** 817-598-4248

---

**SUBJECT:**

Consider approval of HVAC Services from Enviromatic Systems, through an interlocal agreement with Texas Local Government Purchasing Cooperative (Buyboard) in an amount not to exceed \$185,000.

---

**BACKGROUND/DISCUSSION**

Enviromatic Systems is the preferred HVAC vendor for the city. We use them for most of our HVAC replacements repairs and maintenance and have been doing so for many years. They continue to provide quality work and great customer service. They are always quick to respond when needed, especially in emergency situations. Having an HVAC vendor that you can trust and can count on for quick, quality work is very beneficial to the city.

The city would like to utilize the Texas Local Government Purchasing Cooperative (Buyboard) contract with Enviromatic Systems to continue to service our HVAC units for FY25. The city's purchasing policy requires City Council approval for any purchases over \$50,000. This request is to authorize the expenditure of those funds for FY25, not to exceed \$185,000. Enviromatic Systems is a Buyboard vendor #720-23.

**FINANCIAL IMPACT**

Funding is available in the FY25 Operating Budget.

**SUGGESTED ACTION**

Staff recommends approval.
