AGENDA REPORT

Meeting Date:	June 26, 2025	**Staff Contact:**	Bill Smith, Assistant Director of Public Works-Engineering
Item Number:	2025-307-AR	**Phone:**	817-598-4033

SUBJECT: Consider authorizing the City Manager to execute a construction contract with Patcon Services, LLC for the Water and Wastewater Improvements - 100-600 Block of West Columbia project in the amount not to exceed $1,165,737.49 for a total aggregate fiscal year expenditure amount of $2,961,785.

BACKGROUND/DISCUSSION

As part of its ongoing efforts to improve the City's water and wastewater infrastructure, the Water Utility identifies water and wastewater facilities that are in need of replacement. Facilities that have been identified include the water and wastewater lines along the 100-600 block of West Columbia Street, 200 block of Davis Street, and 200 block of Houston Avenue. These lines are in need of replacement due to damaged pipe, frequent repairs, inflow and infiltration. This project includes the replacement of 2,519 linear feet 6" water line, 61 linear feet of 8” water line, 1,263 linear feet of 12” water line, 225 linear feet of 6” wastewater line, and 2,861 linear feet of 8” wastewater line. The project was designed in-house by City staff. A notice to bidders for the construction of this project was advertised to bid on May 10, 2025 and May 17, 2025. The bids were opened publicly on June 3, 2025 with six bidders responding. The lowest responsive bidder was Patcon Services, LLC with a base bid in the amount of $1,165,737.49. Staff has evaluated the bid and the references for Patcon Services, LLC and has found nothing to warrant disqualification of their bid. Patcon Services has also successfully completed several projects for the City. Staff recommends awarding the project to Patcon Services, LLC in the amount of $1,165,737.49. Construction is expected to begin in July 2025 and be complete in January 2026.

FINANCIAL IMPACT

The construction of this project will be funded with currently available funds from utility rate revenues.
