

Weatherford City Council

AGENDA REPORT

Meeting Date: April 12, 2022

Staff Contact: Chad Marbut, Director of Capital Projects

Item Number: 2022-192-AR

Phone: 817-598-4006

SUBJECT: Consider approval of a construction contract with Capko Concrete Structures, LLC for the construction of Storm Drain Improvements at the 1500 Block of East Lake Drive in the amount not to exceed \$168,566.00.

BACKGROUND/DISCUSSION

As part of its ongoing efforts to improve existing drainage systems and accommodate future demands, the Stormwater Utility identified the 1500 Block of East Lake Drive as a priority area to address. Engineering analysis and design were conducted by city staff. Construction plans for the project were finalized in February of 2022. The project consists of the installation of over 300 linear feet of storm drain pipe with associated inlets, grading and pavement repair to convey drainage underneath East Lake Drive.

An invitation to bidders for construction of the project was advertised on March 5, 2022 and March 12, 2022. The bids were opened publicly on March 23, 2022 with four bidders responding. The lowest, qualified, responsive bidder was Capko Concrete Structures, LLC with a bid of \$168,566.00. Capko Concrete Structures qualifications and experience were reviewed and engineering staff has found nothing to warrant the disqualification of their bid.

FINANCIAL IMPACT

Funds are available and budgeted for in the Stormwater Utility Fund.

SUGGESTED ACTION

Staff recommends approval.
