SUBJECT: Consider and/or act upon renewing Bid No. 2024-025 for miscellaneous trucking from Lions Gate Logistics in an amount not to exceed $130,000.

BACKGROUND/DISCUSSION

On October 22, 2024, City Council approved Bid No. 2024-025 for Miscellaneous Trucking Services. The contract is primarily utilized by the Public Works Operations Division to haul asphalt from suppliers to street rehabilitation projects throughout the City.

The contract included renewal options, and the first renewal was executed in September 2025. At that time, the renewal was not presented to City Council because projected expenditures for trucking services were not anticipated to exceed the applicable local government purchasing threshold. As part of the renewal, the contractor's hourly hauling rate increased from $75.00 to $85.00 per hour to account for increased diesel fuel costs, as permitted under the contract.

Due to the increased hourly rate and the anticipated trucking needs to complete the remaining street rehabilitation projects through the end of the fiscal year, total expenditures are now estimated to reach approximately $130,000. To date, the City has expended $72,085 under the contract. Council approval is requested to authorize expenditures up to $130,000 for the remainder of the contract term.

FINANCIAL IMPACT

Funds are available within the FY26 budget.

SUGGESTED ACTION
