BACKGROUND/DISCUSSION

Each year, the Public Works Department uses third-party trucking services to haul Hot Mix Asphalt Concrete (HMAC) from asphalt vendors to job sites. These services are also utilized for hauling miscellaneous construction debris to approved dump sites as needed. Bid No. 2024-025 was divided into three categories of trucking: Tandem Dump (standard dump truck), Flow Boy, and End Dump. Each option offers flexibility depending on the quantity needed and the job location. Lions Gate Logistics submitted the lowest bid for Tandem Dump services for items 1-5 with an hourly rate of \$75.00. They also submitted the lowest bid for End Dump services at \$100.00 per hour. Bear Down Services provided the lowest bid for Flow Boy trucking services at \$152.00 per hour.
