SUBJECT: Consider adoption of Resolution R2026-08 for a Gateway Monument Agreement with the State of Texas.

BACKGROUND/DISCUSSION

At the direction of the City Council, Weatherford has made great progress to successfully implement median and ROW improvements along major corridors and gateways into the City. In January 2026, TxDOT approved final construction documents for a US180 Gateway Monument sign prominently located near the western city limit line along US 180. As part of the supporting documents, the City of Weatherford is required to adopt by resolution and execute a Gateway Monument Agreement with the State of Texas to ensure construction, inspections, and long-term maintenance efforts are kept under the responsibility of the city.

Fabrication of the sign and components are currently underway by the selected sign contractor. Vertical construction of the monument and final installation is expected to be complete by August 2026.
