BACKGROUND/DISCUSSION

The applicant is requesting approval of a zoning amendment for approximately 9.434 acres of land located at 1726 North Main. This request is being considered in conjunction with the applicant's request for annexation of the property.

The applicant is also requesting to amend the Future Land Use Plan designation from Manufacturing & Warehouse and Suburban Living to Community Commercial. The requested Future Land Use designation is intended to better reflect the existing and proposed commercial development of the property and support the continued expansion of

the business park.

The property contains an existing business park development, and the applicant is proposing to expand the development with additional commercial buildings and a restaurant. The requested zoning will establish the appropriate zoning designation upon annexation into the City, allowing the existing development to remain and facilitating the proposed expansion in accordance with City regulations.

The annexation request is scheduled to be considered by the City Council on August 25, 2026. If the annexation is approved, the property will initially be assigned a base zoning classification of AG Agriculture until the requested zoning amendment is approved.

The proposed zoning is compatible with the existing and anticipated development pattern in the area and supports the continued development and expansion of the existing development.

At their August 12th, 2026, regularly scheduled meeting, the Planning & Zoning Commission voted (6-0) to recommend approval of the General Plan and Zoning Map Amendment Request.

ALTERNATIVES

1. The City Council may approve the request.
2. The City Council may disapprove the request.

SUGGESTED ACTION/RECOMMENDATION
