

**BUSINESS OF THE CITY COUNCIL
YAKIMA, WASHINGTON
AGENDA STATEMENT**

Item No. 7.D.
For Meeting of: October 21, 2025

ITEM TITLE: Resolution authorizing a contract with Interwest Construction, Inc. for Project SC2842 Yakima Arboretum Force Main Rehabilitation (Wastewater Capital Fund 476)

SUBMITTED BY: Scott Schafer, Director of Public Works
* Mike Price, Wastewater/Stormwater Manager

SUMMARY EXPLANATION:

City of Yakima (City) Project SC2842 rehabilitates 4,012 linear feet of the Yakima Arboretum sewer force main. Rehabilitating aging sewer pipes reduces groundwater infiltration, improves collection system reliability, and decreases treatment costs at the Wastewater Treatment Plant. The Project will utilize in-situ boring technology to minimize surface disturbances.

The City previously entered into an Agreement with HLA Engineering and Land Surveying, Inc. under Resolution R-2023-107 to provide engineering design, bidding, and construction services for the pipe rehabilitation. The City utilized the procedure established by the State of Washington for competitively bidding projects. Five contractors submitted bids, with Interwest Construction, Inc. submitting the lowest bid. The Agreement in an amount not to exceed \$616,714.35 is attached for City Council review. The Project is funded by Wastewater Capital Fund 476.

ITEM BUDGETED: Yes

STRATEGIC PRIORITY 24-25: A Resilient Yakima

RECOMMENDATION: Adopt Resolution.
